REPORT OF SCHOOL BOARD

In the above statments of receipts and expenditures, it must be borne in mind that the figures for 1934-35 and 1935-36 are only estimates. It is extremely difficult, if possible, to look ahead for eighteen months and predict just what may come up in that time to create an extra expense. However, the estimates are carefully made and are expected to meet all regular needs.

Superintendent's Report

To the Errol School Board:

I hereby submit for your consideration my first annual report of the Errol Schools.

TOWN OF ERROL, N. H.

I came to you March 5, 1934 as a substitute for the regular superintendent, the late Eugene Foster, who was sick and passed away August 6, 1934. On September 1, I became the regular superintendent.

We have made no radical changes in the schools thus far. It seems to me that evolution is preferable to revolution in school work.

TEACHERS

There were two changes in teachers at the close of the year. Arthur N. Gray, the headmaster, secured another position as also did Madeline Hurd. The headmaster's position was filled by the election of Louis L. Ramsey who had been submaster in the Orford, N. H., high school. Beryl Adams was transferred from grades IV-VI to grades I-III to fill the vacancy made by Miss Hurd's resignation. To fill the vacancy in grades IV-VI, Pauline Stewart, a graduate of the Plymouth Normal School, was secured. Miss Hamlin is the only teacher holding the same position as last year. She is an asset to our schools.

ENROLLMENT

The total enrollment this year is 72 about the same as one year ago. The registration by grades is as follows: Grade I—12; II—7; III—8; IV—7; V—6; VI—8; VII—7; VIII—10; IX—6; and X—1.

There are eighteen nonresident pupils attending our schools as follows: Millsfield 9, Dixville 1, and Wentworth's Location 8.

BUILDING

The school building is kept in good condition—clean and warm. The sheathing of the manual training room overhead has made the intermediate room much better for school purpose while a class is working in the shop beneath.

EQUIPMENT

The school is fairly well equipped with various working materials. Quite a few books have been purchased especially for the social sciences and arithmetic. A few music books

REPORT OF SCHOOL BOARD

have been purchased to make enough for class use in the lowest grades. Quite a few of the books are getting quite badly worn and shall have to be replaced in the near future.

More supplementary reading material is needed as well as some reference books.

HEALTH

The health work has been in charge of Miss Frances J. Varney, school nurse, from the Colebrook district. We are very fortunate in being able to unite with Colebrook to get the service of so efficient a person for the price that we pay. She visits the schools frequently and the real good she does can never be known as most of her work is of a preventative type.

TRANSPORTATION

Two transportation routes are maintained. A new bus has been purchased for the pupils who are transported from the Millsfield direction. This is adequate to take all the pupils at one trip. Pupils are also transported in a private car from another part of the district.

Pupils from Wentworth's Location are also transported. This means that there are a goodly number at the building during the noon hour.

NOON LUNCHESES

During the coldest part of the year, something warm is prepared for the children who take a lunch to school.

Milk is furnished by the government again this year but the amount has been reduced twenty-five percent.

Money was also supplied for lunches for a part of last year, but none for this.

CONCLUSION

I wish, at this time, to state that I have enjoyed my work in Errol very much. I have had the best of cooperation from the school board, teachers and pupils.

Respectfully submitted,

Alonzo J. Knowlton, *Supt.*
